

SEC. 15-1-10 BASEMENTS; EXCAVATIONS.

- (a) **Basement Subflooring.** First floor subflooring shall be completed within sixty (60) days after the basement is excavated.
- (b) **Fencing of Excavations.** The owner of any premises on which there exists an opening or excavation which is located in close proximity to a public sidewalk or street right-of-way as to constitute a hazard to pedestrian or vehicular traffic shall erect a fence, wall or railing at least four (4) feet high between such opening or excavation and the public right-of-way.
- (c) **Closing of Abandoned Excavations.** Any excavation for building purposes or any uncovered foundation which shall remain open for more than three (3) months shall be deemed abandoned and a nuisance and the Building Inspector shall order that unless the erection of the building or structure on the excavation or foundation shall commence or continue forthwith suitable safeguards shall be provided to prevent accidental injury to children or other frequenters or that the excavation or foundation be filled to grade. Such order shall be served upon the owner of record or the owner's agent, where an agent is in charge of the premises, and upon the holder of an encumbrance of record in the manner provided for service of a summons in the circuit court. If the owner or the holder of an encumbrance of record cannot be found, the order may be served by posting it on the premises and make publication in the official newspaper for two (2) consecutive publications at least ten (10) days before the time for compliance stated in the order commences to run. Such time shall be not less than fourteen (14) nor more than twenty (20) days after service. If the owner of the land fails to comply with the order within the time required, the Building Inspector shall cause the excavation or foundation to be filled to grade. The cost of such abatement shall be charged against the real estate and entered on the next succeeding tax roll as a special charge and shall bear interest at a rate established by the Common Council from the date of the report by the Building Inspector on the cost thereof, pursuant to the provisions of Sec. 66.60, Wis. Stats.

SEC. 15-1-11 DISCHARGE OF CLEAR WATERS.

- (a) **Discharge.** No person shall cause, allow or permit any roof drain, surface drain, subsoil drain, drain from any mechanical device, gutter, ditch, pipe, conduit, sump pump or any other object or thing used for the purposes of collecting, conducting, transporting, diverting, draining or discharging clear water from any part of any private premises owned or occupied by said person to discharge into a sanitary sewer.
- (b) **Nuisance.** The discharge into a sanitary sewer from any roof drain, surface drain, subsoil drain, drain from any mechanical device, gutter, ditch, pipe, conduit, sump pump or any other object or thing used for the purposes of collecting, conducting, transporting, diverting, draining or discharging clear water from any part of any private premises is hereby declared to be a public nuisance and a hazard to the health, safety and well-being of the residents of the City and to the protection of the property.
- (c) **Groundwater.** Where deemed necessary by the Building Inspector, every house shall have a sump pump installed for the purpose of discharging clear waters from foundation drains and ground infiltration and where the building is not serviced by a storm sewer shall either discharge into an underground conduit leading to a drainage ditch, gutter, dry well or

shall discharge onto the ground surface in such other manner as will not constitute a nuisance as defined herein.

- (d) **Storm Water.** All roof drains, surface drains, drains from any mechanical device, gutters, pipe, conduits or any other objects or things used for the purpose of collecting, conducting, transporting, diverting, draining or discharging storm waters shall be discharged either to a storm sewer, a dry well, an underground conduit leading to a drainage ditch or onto the ground surface in such other manner as will not constitute a nuisance as defined herein.
- (e) **Storm Sewer Lateral.** Where municipal storm sewers are provided and it is deemed necessary by the property owner and/or the City to discharge clear waters from a parcel of land, a storm sewer lateral shall be installed and connected to the storm sewer main at the expense of the owner.
- (f) **Conducting Tests.** If the Building Inspector or his designated agent suspects an illegal clear water discharge as defined by this Chapter or by any other applicable provision of the Wisconsin Administrative Code as it may, from time to time, be amended, he may, upon reasonable notice and at reasonable times, enter the private premises where such illegal clear water discharge is suspected and conduct appropriate tests to determine whether such suspected illegal clear water discharge actually exists.

SEC. 15-1-12 DUPLEX SERVICE CONNECTIONS.

Each unit of a duplex shall have separate water and sewer services.
